

Introducing the
**FUTURE SMILES ORTHODONTIC
SAVINGS PROGRAM**

I wanted to let you know about a new program which might be of interest to some of some families are in need of braces in the future and thinking about how to plan for them financially. Our program is called the Future Smiles Orthodontic Savings Program, which is now available through our office.

- 1. To be eligible, a child must have a free orthodontic evaluation by age 7.**
- 2. If a child is accepted into the program, his or her orthodontic condition will be managed up until and including full braces at age 12.**
- 3. Future Smiles Orthodontic Savings Program costs as little as \$79 per month with insurance or about \$2.50 per day.**
- 4. If a patient moves or transfers during the 60-month period, we would calculate an earned portion of the fees that were collected to date and refund the balance.**
- 5. This plan also guarantees pricing against future inflation for 60 months.**
- 6. It is a very smart plan for parents to consider, especially if their child is a candidate for orthodontic treatment as determined by age 7 and want to avoid high down payments and high monthly fees that are commonly associated with standard orthodontic care financing plans.**

For more information on this program, please contact our office 407-278-4860 or via e-mail at info@Lach-Ortho.com.

Best Regards,

Dr. L
